These regulations come into force with effect from the Academic year 2017-18 and are subject to such modifications as may be approved by the apex bodies of the University from time to time.

2.1 GENERAL CONSIDERATIONS – METHODOLOGY

The tremendous growth of Science has made inroads in every sphere of human activity. It has created opportunities,

challenges and opened new horizon in the pursuit of knowledge, career and accomplishments. Aspirants are crossing oceans in the pursuit of knowledge and for successful career. The globalization and subsequent opening of our economy have provided ample opportunities in the quest of knowledge to the students of our Nation. Hence a need has arisen to provide flexible, need based, versatile and learner oriented Education / Knowledge to our students and make them competitive. If the present rigid academic system and the Institution methodologies are continued to be imposed, the learners may not have the choice of courses of their liking and hence will not meet the requirements to strengthen their knowledge in specific areas needed for their career. In view of the above a move has to be initiated from Institution centric to learner oriented education system.

The Choice Based Credit System (CBCS) provides ample opportunity for multiple entries, large number of electives, flexible pace for earning credits, carryover of such credits, and choice of courses from other branches. Further it has the ability to accommodate diverse choices that the students may like to have. In view of the above advantages it has been decided to implement the CBCS from the academic year 2010-2011 onwards and syllabi revised in 2017.

2.2. THE OBJECTIVES OF CBCS:

2.2.1. To enrich the horizon of knowledge of students by means of core, inter disciplinary, extra disciplinary and life/job oriented courses.

2.2.2. To ensure more interaction between the teacher and taught in class room and extra class room programmes.

2.2.3. To offer flexibility in choosing the courses of study according to their needs and learning capacity.

2.2.4. To enlighten the students on the rich culture of our nation and ethical values underlying real life situations.

2.2.5. To allow the advanced learner to earn extra credits.

2.2.6. To maintain the total credits of each programme on par with International standards.

2.2.7. To expose the students to the world of social commitment through specially designed components of study like NSS/NCC/ Sports and Games.
