On the occasion of "Ganesh Chaturthi," the Environmental Students Club, School of Arts and Science faculty, and students set up a natural clay (shadu mati) Ganesha statue in the institute for five days.

The puja rituals began at 11:30 a.m. when the idol of Lord Ganesha was venerated by all the members. Eco friendly ganesha idol was set up in the college campus with Grand “AARTI” by the students and faculty members.

Festivals build group cohesiveness. Festivals inform, educate, bring people together, break the monotony of routine and give us a chance to re-energize our body, mind, and spirit. of all the festivals, Ganesh Chaturthi is the most colorful. Ganesh Chaturthi is a Hindu festival that marks the birthday of Lord Ganesha.

People believe that Lord Ganesha, the symbol of wisdom bestows his presence on Earth during this festival and remove their obstacles. The sole purpose of the celebration was to let the students stay rooted with Indian culture and to enable them to understand the significance of this festival.

The graceful expressions given by the tiny tots on a devotional song were really breathtaking and won the hearts of the audience. There was devotion, creativity and fun altogether.

An eco-friendly Ganesha was made by the students with the help of their

faculties. The students were explained about the significance of the festival and the importance of eco-friendly ways of celebrating the festival. Students advocate a ban on the use of plaster of Paris for idols and their immersion in lakes and ponds in order to protect aquatic life and reduce water pollution.

After the completion of the aarti delicious Prasad was distributed to all the members.
