S.No	Department	Inventors-name	Patent Title / Copyrights Title	Patent/Copyrights application No.	Published Date	Patent Type(Product/Process/Design/Innovation /Copyrights, etc)	Country
1	CHEMISTRY	Dr. A. Harikrishnan	Bio-spectrum based NPK and trace elements enriched compost for plants	202041028939A	13/11/2020	Invention	India
2	CHEMISTRY	Dr. A. Harikrishnan	Broad spectrum phytobased moelcules vitamins and minerals containing adjuvant for viral infections	202041028938A	27/11/2020	Invention	India
3	CHEMISTRY	Dr.A.Harikrishnan	Phyto based antimicrobial organic seed coating for controlling the seed borne microbes in organic farming	202141017656A	18/06/2021	Process	India
4	CHEMISTRY	Dr. A. Harikrishnan	Phytomediated Curcumin Decorated Gold And Silver Nanoparticles For Biomedical Applications	202041052826A	9/4/2021	Product	India
5	CHEMISTRY	Dr. A. Harikrishnan	Phyto-Active Incorporated Metallic Molecules Mediated Biologically Active Natural Silk Fibron Production For Biomedical Applications	202141032484A	19/07/2021	Product	India
6	CHEMISTRY	Dr. A. Harikrishnan	Bioproducts And Compost Production From ArecaLeaf Plate Biodegradation	202141027866	10/09/2021	Product	India
7	COMPUTER SCIECNE	Mr.S.Senthil Kumar	Collaborative network security for massive Machine Type Communications using ultra-dense cellular networks	202141038055	3/9/2021	Product	India
8	CHEMISTRY	Dr. A. Harikrishnan	Development Of Kit For Plant-Based Seed CoatingsTo Aid Inhibition Of Seed Borne Infections For Value	202141027865	16/07/21	Product	India
